

SCIENTIFIC AGRICULTURE

LA REVUE AGRONOMIQUE CANADIENNE

VOLUME XV

September 1934 - August 1935

EDITED BY THE
CANADIAN SOCIETY OF TECHNICAL AGRICULTURISTS AT
OTTAWA, CANADA

*Published monthly by the authority of the
Chairman of the National Committee on Agricultural Services*

SUBJECT INDEX TO VOLUME XV

ENGLISH ARTICLES

	Page
Account of the western hemlock looper, <i>Elliptia somniara</i> Hulst, on conifers in British Columbia, An.....	12
Acts of incorporation of co-operative associations in Canada.....	511
Addition of protein and calcium to a ration of small grains for growing pigs, The..	445
Advanced registration, Report of the Committee on, Canadian Society of Animal Production, Eastern Section.....	189
Agricultural marketing research.....	718
Agricultural outlook program.....	521
Alfalfa, Inheritance of seed colour in.....	314
Amendments to the Canadian Farm Loan Act, 1935.....	724
Bacteriological studies of dressed poultry. 1. Preliminary investigations of bacterial action at chill temperatures.....	765
Beef, chilled, Report on experimental shipment to Britain.....	158
Black knot of plums and cherries, Investigations on	
II. The occurrence and significance of certain fungi found in association with <i>Dibotryon morbosum</i> (Sch.) T. & S.....	80
III. Symptomatology, life history, and cultural studies of <i>Dibotryon morbosum</i> (Sch.) T. & S.....	411
IV. Studies in pathogenicity and pathological histology.....	729
Book review.....	438, 590, 726
Botanical study of pasture mixtures, A.....	777
Canadian accession system for cereal crops.....	45
Canadian Phytopathological Society, Annual meeting of the.....	435, 437
Canadian Society of Animal Production, Eastern Section, Annual Meeting of.....	207
Cattle policy, A national.....	133
<i>Cephalothecium roseum</i> Corda in greenhouse pot tests, Pathogenicity of <i>H. sativum</i> P., K., and B. as influenced by.....	377
Chloramine-T products. The evaluation of the germicidal potency of chlorine compounds.....	218
Chrysanthemums, Nutritional studies with.....	110
Cider as a fruit product.....	557
<i>Colletotrichum graminicolum</i> (Ces.) Wils. as a parasite of the stem and root tissue of <i>Avena sativa</i>	370
Combine harvester, The.....	244
Comparison of different types of root rot of wheat by means of root excavation studies, A.....	680
Dairy industry, Undulant fever and the.....	39
<i>Dibotryon morbosum</i> (Sch.) T. and S., The occurrence and significance of certain fungi found in association with.....	80
<i>Dibotryon morbosum</i> (Sch.) T. and S., Symptomatology, life history, and cultural studies of.....	411
Digestibility studies with ruminants. 1. Plane of nutrition and digestibility of hay	476
Economic analysis of creamery operations in New Brunswick, An.....	52
Economic literature.....	63, 726
Economic problems of growing fresh vegetables in the southern interior of British Columbia, Observations on the.....	247

	Page
Economic situation, The.....	49, 127, 202, 241, 336, 440, 509, 591, 660, 713, 773, 828
Effect of feeding deaminized vs. untreated cod liver oils upon growth, egg production and mortality of poultry.....	771
Effect of full vs. limited feeding on the protein level required in the hog ration, The.....	463
Efforts to control marketing by government boards or organizations acting with government support, III.....	55
<i>Ellopiopsis somniana</i> Hulst, on conifers in British Columbia, An account of the western hemlock looper.....	12
<i>Euphorbia Esula</i> or <i>virgata</i> ?—leafy spurge.....	701
Evaluation of the germicidal potency of chlorine compounds II. Chloramine-T products.....	218
Experiments on the control of cereal smuts by seed treatment.....	745
Farm assessment in Quebec.....	715
Farm credit legislation in Canada, 1934.....	59
Farm labour.....	518
Fat-soluble vitamin content of the liver oil of the burbot, The.....	1
Fecundity and nursing capacity of large Yorkshire sows.....	458
Fertilizer requirements in the northern prairies, Zonation for.....	96
Field and laboratory tests for the detection of mastitis, The most practical.....	169
Financial statements.....	721
Further studies on the parasitism of <i>Taphrina deformans</i>	341
<i>Fusarium culmorum</i> (W.G. Sm.) Sacc., Studies on the control of root-rot of cereals caused by.....	228
Gas storage research, The present status of, with particular reference to studies conducted in Great Britain and preliminary trials undertaken at the Central Experimental Farm, Canada.....	542
Germination of Russian pigweed in ice and on frozen soil.....	507
Growth of turnips in artificial cultures.....	652
<i>Helminthosporium sativum</i> P., K., and B., Studies on the control of root-rot diseases caused by.....	228
<i>Helminthosporium sativum</i> P., K., and B., Pathogenicity of, as influenced by <i>C. roseum</i> Corda in greenhouse pot tests.....	377
Inheritance of seed colour in alfalfa.....	314
Investigations on black knot of plums and cherries	
II. The occurrence and significance of certain fungi found in association with <i>Dibotryon morbosum</i> (Sch.) T. and S.....	80
III. Symptomatology, life history and cultural studies of <i>Dibotryon morbosum</i> (Sch.) T. and S.....	411
IV. Studies in pathogenicity and pathological histology.....	729
Leafy spurge— <i>Euphorbia Esula</i> or <i>virgata</i> ?.....	701
Malady of potatoes in Alberta similar to psyllid yellows, A.....	46
Malling stocks and French crab seedlings as stocks for five varieties of apples. I. . .	535
Marketing, Efforts to control by government boards or organizations acting with governmental support. III.....	55
Mastitis, The most practical field and laboratory tests for the detection of.....	169
Mechanical aids to crop experiments.....	488
<i>Melilotus</i> , Studies in interspecific crossing with, and in intergeneric crossing with <i>Melilotus medicago</i> and <i>Trigonella</i>	580
Mineralogical and chemical studies on some of the inorganic phosphorus compounds in the soil.....	704
Mouldy core in Gravenstein apples.....	358

	Page
National cattle policy, A.....	133
News items.....	61, 62, 64, 256, 524
New type of bee counter.....	311
Note on the diagnosing of bovine sterility, A.....	176
Nutritional studies with chrysanthemums.....	110
Oat seedling diseases in Ontario. I. The oat nematode <i>Heterodera schachtii</i> Schm.....	633
Observations on the economic problems of growing fresh vegetables in the southern interior of British Columbia.....	247
Occurrence of "Spotted Wilt" of tomato in Ontario.....	387
Origin and characteristics of the Red River Valley and Regina Plain clay soils of Western Canada.....	268
Parasites of the horse, Some methods of controlling the spreading of internal.....	163
Parasitism, The relationship of, to the poultry industry.....	178
Physiology of <i>Rhizoctonia Solani</i> Kühn, The	
III. The susceptibility of different plants as determined by seedling infection .	393
IV. Effect of a toxic substance produced by <i>R. Solani</i> Kühn when grown in liquid culture, on the growth of wheat, carrots and turnips.....	399
Physiologic specialization in <i>Puccinia coronata Avenae</i>	806
Potatoes, A malady of in Alberta similar to psillid yellows.....	46
Poultry Committee, Report of the, Canadian Society of Animal Production, Eastern Section.....	181
Price policies.....	253
Prices of beef and pork in Canada from 1920 to 1932 The significance of demand in the determination of the.....	65
<i>Pseudomonas tumefaciens</i> Sm. and Town, Secondary tumor formation on herbaceous hosts induced by.....	345
<i>Puccinia coronata avenae</i> , Physiologic specialization.....	806
<i>Pythium ultimum</i> Tröw, Soft rot of potatoes caused by.....	402
Raspberry nutrition. I. Seasonal variation of plant nutrients in raspberry plantings under different cultural treatments.....	525
Regulation of milk supplied in Saskatchewan.....	251
Relation of parasitism to the poultry industry.....	178
Remarks on the utilization of the soil survey and some data regarding the soils of Saskatchewan.....	263
Report of the Committee on Advanced Registration, Canadian Society of Animal Production, Eastern Section.....	189
Report of the Poultry Committee, Canadian Society of Animal Production, Eastern Section.....	181
Report on experimental shipment of chilled beef to Britain.....	158
<i>Rhizoctonia Solani</i> Kühn, The susceptibility of different plants as determined by seedling infection.....	393
<i>Rhizoctonia Solani</i> Kühn, The effect of a toxic substance produced by <i>R. Solani</i> Kühn when grown in liquid culture, on the growth of wheat, carrots and turnips....	399
Secondary tumor formation on herbaceous hosts induced by <i>Pseudomonas tumefaciens</i> Sm., and Town.....	345
"Seeds" of the genus <i>Poa</i> commonly found on the market in Canada, The.....	811
Significance of demand in the determination of the prices of beef and pork in Canada from 1920 to 1932, The.....	65

	Page
Simple method of head threshing, A.....	825
Smooth-awned barley varieties.....	597
Soft rot of potatoes caused by <i>Pythium ultimum</i> Trow.....	402
Soils, A statement on the report of research and experimental projects under way in Canada.....	307
Soil drifting in Saskatchewan, Some field and laboratory studies of.....	665
Soils Group of the C.S.T.A., Annual meeting of.....	309
Soil, Mineralogical and chemical studies on some of the inorganic phosphorus compounds in the.....	704
Soils of Western Canada, Origin and characteristics of the Red River Valley and Regina Plain clay.....	268
Soil studies in relation to land utilization research.....	287
Soil survey: a basis for land utilization in British Columbia.....	257
Soil survey and some data regarding the soils of Saskatchewan, Remarks on the utilization of the.....	263
Soil temperatures at Winnipeg, Manitoba.....	209
Soil types occurring in the Red River Valley.....	276
Soil zone map of Canada, Report on the preparation of a.....	310
Some methods of controlling the spreading of internal parasites of the horse.....	165
"Spotted Wilt" of tomato, Occurrence of, in Ontario.....	377
Sterility, bovine, A note on the diagnosing of.....	176
Studies in interspecific crossing with <i>Melilotus</i> and in intergeneric crossing with <i>Melilotus medicago</i> and <i>Trigonella</i>	580
Studies of solid stem wheat varieties in relation to wheat stem sawfly control.....	30
Studies on the control of root-rot diseases of cereals caused by <i>Fusarium culmorum</i> (W.G. Sm.) Sacc. and <i>Helminthosporium sativum</i> P., K., and B.	
I. Field methods with root-rot diseases.....	228
II. Pathogenicity of <i>H. sativum</i> as influenced by <i>Cephalothecium roseum</i> Corda in greenhouse pot tests.....	377
III. Effect of seed treatment on the control of root rot and yield of wheat....	607
Studies on the physiology of the oat smuts.....	424
Study of the behaviour of the water table in underdrained and surface-drained river valley soils in Quebec, A.....	625
Study of the causes of "blast" in oats, A.....	814
Study of the protein requirements of growing chicks, A.....	754
<i>Taphrina deformans</i> , Further studies on the parasitism of.....	341
Time of flowering of early, medium and late timothy plants at different latitudes..	573
Two new methods of distinguishing certain Canadian wheats.....	564
Underdrainage extension work in Ontario.....	621
Underdrained and surface-drained river valley soils in Quebec, A study of the behaviour of the water table in.....	625
Undulant fever and the dairy industry.....	39
Vitamin content of the liver oil of the burbot, the fat-soluble.....	1
Western hemlock looper, <i>Elliotia somnaria</i> Hulst, on conifers in British Columbia, An account of the.....	12
Wheat stem sawfly control, Studies of solid stem wheat varieties in relation to.....	30
Zonation for fertilizer requirements in the northern prairies.....	96
